ABOUT ME

I have a degree in Computer Science, I studied at the Universidad Autónoma de Baja California. I am interested in continuing to acquire training in other topics related to my career, which will help me grow professionally. I have knowledge of web development using technologies such as React.JS, Node.JS, .NET Framework with C#, MVC architecture, SOLID principles, basic PHP and basic technical support.

WORK EXPERIENCE

IT Assistant
UABC | Lenguage Faculty | Aug 2024 - Dec 2024
Assistant to the IT department of the language faculty. Supporting maintenance of computers, projectors, staff support and website maintenance with PHP technology.

Web Development Intern
Talentum Company | Mar 2024 - Present
Collaborator in the creation of a website in the frontend area with the help of tools such as React.JS, Next.JS and Node.JS. The site in question serves to present a product that will go on sale in the future.

Web Development Intern
Samsung Company | Aug 2023 - Aug 2024
Improvement of several web development projects that serve to solve problems related to backend bugs, frontend update for pages used by employees, through libraries such as: .NET Framework and C#. Using MVC architecture and SOLID principles and scrum methodology for their development.

Web Design Programmer
Proinpe Company | Feb 2023 - Jul 2023
Creation of a website that included an online store using the Wordpress tool with a database for registrations, checkout and payment gateway.
